1. [REDACTED] LIAISON Called Beverley Lumpkin, Subcommittee on International Organizations, House International Relations Committee, to tell her that the request for additional staff participation in upcoming interviews with former Agency officials contained in Chairman Donald M. Fraser's (D., Minn.) letter of 2 August 1978 was acceptable.

2. [REDACTED] LIAISON Spoke to Chuck Snodgrass, on the staff of the House Appropriations Subcommittee on Defense, concerning the new State/CIA Diplomatic Telecommunications Service agreement and in response to his request provided him several background documents. His general view is that the new agreement looks very fine but he will be turning it over to the Investigations Group, which is more familiar with the background, for their evaluation. He urged us to get the approved agreement to the Hill as soon as possible and no later than tomorrow for it to have impact on the appropriations process.

14. (Unclassified - MMP) LIAISON Called Herb Romerstein, House Permanent Select Committee on Intelligence staff, to query him about the 16 August hearing that the Subcommittee on Evaluation has requested on terrorism. Mr. Romerstein indicated that the Committee is principally interested in hearing from and about the Agency's activities in this field, but that they also wish to hear from the IC Staff. We agreed that I would stop by the Committee the following morning to discuss the hearing further.

15. (Unclassified - MMP) LIAISON Called Louis Hunter, International Division, GAO, to arrange for me to review a GAO publication on nuclear proliferation. The only connection with the Agency is that the Agency refused to discuss the creation of [redacted] and like matters with GAO. We agreed that I would go to GAO at 10:30 tomorrow morning.

16. (Unclassified - MMP) LIAISON Called Tobias (Toby) Seggerman, in the office of Representative Christopher J. Dodd (D., Conn.), in response to his request earlier the same day for National Intelligence Estimates (NIEs) and Current Intelligence Weekly Summaries/Reviews. I told him that these publications were tightly held and were not available to personal staff of congressional Members. I did offer to provide him with DOCEX listings of the unclassified publications available through the Library of Congress and to look into determining what sorts of classified material might be available to him. (He has a TS clearance from DOD.)
